

### Principal's Corner

Happy Earth Day Birthday, West Side! Today we celebrated during morning assembly with a musical presentation and poetry readings. Sixth graders, Sarah Lynch on violin and Peter Moynihan on cello, played an American folk song called *Big Rock Candy Mountain*. Thank you to fifth grader, Anna Hammel, and sixth grader, Annalia Alcamo for their Earth Day poetry readings. Earlier this week, Mr. David Rosner, the Director of Development, of the Ronald McDonald House of Long Island spoke to our students during morning assembly and commended them on their efforts to raise money for this charity. Our Student Council also recognized Physical Education teacher, Mr. Bill Yost, with a certificate of appreciation for his work behind the scenes.

# WEST SIDE KIDS CARE

## REUSE-A-SHOE SNEAKER RECYCLING CAMPAIGN

Don't throw out those smelly, old sneakers...recycle them!

As a part of our Earth Day celebrations, West Side families will again have the opportunity to participate in Nike's Reuse-A-Shoe program. The program collects worn-out athletic shoes for recycling. Nearly every part of the shoe will be transformed into Nike Grind, a material used in creating athletic and playground surfaces as well as select Nike products.

Any brand of athletic shoes is accepted. No sandals, flip-flops, dress shoes, boots, or shoes containing metal such as cleats or spikes please.

A collection box will be in the Airplane Lobby through **Monday, May 4th**. You can also donate at the West Side Run. So get training, and then give us your shoes!

Please contact Dana Lynch at [dana@theblacktop.net](mailto:dana@theblacktop.net) with any questions.

The following list shows what part of the shoe and approximately how many pairs of athletic shoes, or the manufacturing equivalent thereof, generally go into making each type of athletic surface:

- Outdoor basketball court (midsole foam): 2,500 pairs
- Outdoor tennis court (midsole foam): 2,500 pairs
- Full field or soccer pitch (outsole rubber): 50,000 – 75,000 pairs
- Mini soccer field (outsole rubber): 10,000 – 20,000 pairs
- Running track (outsole rubber): 75,000 pairs
- Playground (outsole rubber): 2,500 pairs
- Indoor wood basketball court (upper fabric): 2,500 pairs
- Indoor synthetic basketball court (midsole foam): 2,500 pairs
