

The Friday Notes

Our 226th Season
February 26, 2016

Principal's Corner

This week our 4th, 5th, and 6th grade students heard the mesmerizing sounds of the Villalobos Brothers. This was made possible due to the partnership between Cold Spring Harbor Schools and Lincoln Center Education. Through the use of violins, guitars, drums and voices, the students danced to contemporary Mexican music. Their original compositions masterfully blended elements of jazz, rock, classical and Mexican folk to deliver a powerful message of love, brotherhood and social justice. Thank you, Ms. Daniels, for your efforts in making this a possibility! On Wednesday, we welcomed a representative from the Huntington Youth Bureau who spoke to our 2nd graders about the positive impact of peaceful language. On Wednesday our Scrabble Club also had the chance to play on a Scrabble board that now hangs on the wall in the Community Room. We welcomed this life-sized board thanks to the generous donation of the DiScala and Vardy-Stearn families in conjunction with the PTG. Our school's 5th and 6th grade Scrabble Club continues to meet every Wednesday during the lunch/recess block and the students are thrilled with this new addition. On Friday, 4th graders attended an Electric Safety Town workshop which included a powered display of a small town. Principles of electric safety were illustrated by a trained engineer and supported by props and collateral material. Little sparks even flew around the table when a hazard was encountered. What a great connection to the work they are doing in the Science lab! Thank you, Ms. Baratta, for your efforts to connect with people at PSEG. Also on Friday 5th graders Dylan Catala, Victoria Barriola, Sophie Cohen, Karoline Milhim, and Nicolette Loeffler performed a song they wrote during morning assembly. Well done! Finally, this weekend Peter Moynihan (cello) will represent West Side School at the Long Island String Festival Association (LISFA) rehearsals and performance at Uniondale High School. Peter will play alongside some the best string students on Long Island. Congratulations, Peter!

New York State Senate Earth Day Competition 2016 Poster Contest

The Earth Day Competition is for school children in grades K-6 from every corner of New York State. The Senate's goal is to encourage children to develop an awareness of the environment and its resources. Teaching children about the importance of recycling and waste reduction is critical as we face the environmental challenges of the 21st Century.

OUR THEME: REDUCE, REUSE, RECYCLE

The Senate's focus is to emphasize the importance of recycling and waste reduction, to encourage the exchange of ideas about recycling and waste reduction among schools, children and adults and to stimulate creative thinking about solutions to problems concerning recycling and waste reduction. We are asking students to create a poster that could be used as part of this campaign.

ENTRIES

- Entries should be photographed and submitted electronically, preferably in a jpeg format via marcellino.nysenate.gov • Entries will be displayed on the Senator's website.

Below is a sample of the required on-line registration form.

Make a Pinwheel for Peace

stop by or stay the entire time

Carl Wilkens said: "When you make something with your hands, it changes the way you feel, which changes the way you think, which changes the way you act." This is the essence of StudentsRebuild.

StudentsRebuild is a collaborative program of the Bezos Family Foundation which works to inspire young people worldwide to connect, learn and take collective action on critical global issues. Since 2010, StudentsRebuild has offered "Challenges" which invite young people to create a simple, symbolic object which the foundation matches with funding to worthy causes.

Save The Children Long Island Junior Council is a local community based group of students who volunteer to support the mission of Save The Children. Save the Children gives children in the United States and around the world what every child deserves – a healthy start, the opportunity to learn and protection from harm.

YOU CAN BE A CHALLENGE PARTICIPANT !

For each pinwheel we make- the Bezos Family Foundation will donate \$2- up to \$400,000 to provide support to displaced Syrian youth. Through the International Rescue Committee's Healing Classrooms program teachers will be trained in special techniques to engage conflict-affected children with social emotional learning opportunities and to create secure, nurturing learning environments.

A HEALING CLASSROOM

Matching Grant Supports Save The Children Long Island Council!

A matching donation of \$2- up to \$1,000- for each Pinwheel made at the library will be donated to Save The Children Long Island Council by Lori and Chris Homer through the A.L.L. Caring Foundation.

We're hopeful that as Challenge participants work on their pinwheels, they will think about the displaced youth they're helping and about the issues of conflict and peace.
