

The Friday Notes

Our 226th Season

June 10, 2016

Principal's Corner

We had quite a week of events which began last Saturday when West Side families enjoyed an afternoon and evening with family and friends during our annual Camp Out. Thank you to Mrs. Monaco and our parent volunteers for your continued efforts to find new ways to expand this experience for our community. On Monday, our sixth grade H.E.R.O.s welcomed our incoming second graders with a tour of West Side. Thank you to Julia Amodeo, Lauren Kania, Jesse Phelan, Andrew Richmond, and James Capozzo for making our newest West Siders feel so welcome. Sixth graders also took a field trip to Quezacoatl, a Mexican restaurant in town. Thank you to Senora Tassani for arranging this visit. Our fourth graders performed in their first formal concert of the year with two shows on Tuesday. The orchestra, band, and chorus displayed a tremendous amount of energy and excitement! Thank you to all of our parents who came out in support of this event. On Wednesday, students participated in Field Day. The rain held off long enough to get in the festivities and BBQ hosted by the PTG. Special thanks to Mr. Yost who designed a special day for our children. Sixth graders ran a variety of stations and all students loved the obstacle course, the newest addition to the day. Thank you to Mrs. Bauer, Mrs. Shammah, and our parent volunteers for their patience, support, and teamwork. Additional thanks go to Ms. McLaughlin who opened the doors to family members to view this year's Art Show. Our students' artwork was so impressive! Our H.E.R.O. tag sale also raised \$200 on Wednesday thanks to the work of Drew Pultz, Paige Lynch, Gillian Will, Spencer Will, and Will Dimaio. Mrs. Pultz worked behind the scenes and helped organize the event as well. We ended our week with Ellis Island Day for our fourth graders which symbolized the spirit and collaboration of our learning community. Thank you to Mrs. Wright and our cast of faculty members and parent volunteers for such an incredible day. What an amazing experience for our students! Waves of immigrants passed through Ellis Island during the morning and concluded their experience with their reflections on the iPads using an app called FlipGrid.

Awards Ceremony

Please note that our awards ceremony is scheduled for the morning of June 21st. This event is for staff and students only. Parents of students who will be receiving the Sandy Limmer Award (6th grade) will be notified in advance to attend. Thank you for our understanding.

Yearbooks

There are a few yearbooks remaining. If you want to purchase a yearbook, please send a check payable to WSS-PTG for \$30 and send the check to Ingrid Wright 103 Cherry Lane Syosset, NY 11791. Send the check in ASAP because there are only a few books left.

School Supplies

Buy Next Year's School Supplies! We have teamed up with A.Hartz Pack To School again to offer you online ordering of school supply packets for the 2016-2017 school year! This hassle-free program saves you time and money and guarantees that your child(ren) will have all the teacher-approved school supplies needed for the new school year. To order your packet(s), click on the link below to select your school district, school and grade(s) for next school year. It's that easy! Get your orders in by June 22nd!

Be sure to buy your PTG dues when you order. You need to order 1 PTG dues per family, per school where you have children attending for your order to be processed. If all of your children attend the same school then only one dues payment is required per family. <http://www.ahartzpacktoschool.com/>

Please feel free to call with any questions: Jill DeMarco, 917-912-5102, jed1273@yahoo.com

Recess Volunteers

If you would like to volunteer at recess during the 2015/2016 school year, please contact Lauren Jasinski at WestSideRecess@gmail.com, if you have not added your name to the Recess Committee sign-up sheet already.

Summer Science Programs

RE
ROBOT ENGINEERS
 Discover the science of robots! Learn how different robots work and use their components to explore what is around them. Use your engineering skills to build a working robot to take home! (Children entering grades 3-6)

JR
JUNIOR ROBOTICS
 This introduction to robotics explores basic circuitry, mechanical science, and robot building. Each camper works daily on a robot to bring home at the end of the week! (Children entering grades K-3)

FS
FORENSIC SCIENCE
 Focus on the science of forensics in this hands-on look at crime scenes! Collect evidence, recreate a crime scene, and identify suspects as you learn the science of sleuthing. (Children entering grades 2-6)

FA
FLIGHT ACADEMY
 Explore the aerodynamics of birds, kites and rockets! All week long you will build flying machines as you explore Newton's laws of motion. (Children entering grade K-4)

DA
DETECTIVE ACADEMY
 Step into the shoes of a detective as you explore the tools detectives use to uncover crimes! Learn about spy equipment and discover the technological tools of detection. (Children entering grades 2-6)

NASA
NASA - SPACE EXPLORERS
 Learn about the four forces of flight, the challenges of space travel, and participate in a rocket launch in this hands-on space exploration camp. (Children entering grades 2-6)

SIM
SCIENCE IN MOTION
 Learn the science of engineering as we discover what machines and nature have in common. Build structures and discover how animals move and use simple machines as you run a crazy obstacle course. (Entering grades K-4)

AR
ADVANCED ROBOTICS
 Learn about how different robots operate. Put your robotic knowledge to the test! Use your skills to build your very own Robotic Arm to take home! (Children entering grades 3-6)

R&R
ROBOTS & REACTIONS
 Work with robots and create chemical reactions as we uncover the nuts and bolts of the universe. Each camper builds a working robot to take home! (Children entering grades 2-5)

CCW
CRAZY CHEMWORKS
 Get your goggles ready to handle real lab equipment and experiment with chemical changes. Explore the microscopic world of molecules as we discover states of matter! (Children entering grades 2-6)

NEW!
BRIX
BRIXOLOGY
 Using LEGO® bricks children will build different engineering-themed projects every day. They will explore the mechanical, structural, aerospace, nautical, and bioengineering fields, and participate in collaborative engineering challenges to solve real-world problems. Each day they will take home an educational toy to reinforce each concept. (Children entering grades 2-6)
