

## Revisions to print version of 2017-2018 Program of Studies

- Music section, page 43, first three paragraphs:

New York State requires that all students complete one half credit (one year alternate days) in music at the Junior High School level. This requirement is fulfilled by a core performing ensemble (wind ensemble, orchestra or chorus) or classroom music.

We encourage students to continue the course of study they followed at the sixth grade level (wind ensemble, orchestra, chorus or classroom music). Students may enroll in two performing ensembles (band and chorus or orchestra and chorus).

Elementary school music teachers make recommendations about appropriate music classes for rising seventh grade students.

- Art section, pages 13-14

Course 714: Animation: Prerequisite: Studio Art or Media Arts

Course 741: Digital Imaging I: delete, "Students who have taken Media Arts are not eligible..."

Course 742 - Digital Imaging II: Prerequisite: Digital Imaging I

Course 708 and 709: Film I and Film II: Prerequisite: Studio Art or Media Arts

Course 712 and 713: Graphic Design I and II: Prerequisite: Studio Art or Media Arts

- Science curriculum chart
