

Dear Parents,

As you prepare for your **parent-teacher conference**, think about ways you can strengthen the partnership with your child's teacher by sharing your insights about your child and setting goals together.

- Let your child's teacher know about the positive experiences your child is having. This gives her insight into what "works" for your child.
- Share your observations about your child's progress. Express any concerns you may have. Remember that the teacher has a broad perspective about children's development. Listen to what she has to say about your child's progress in relation to grade level expectations. Ask about what you can do to support her plan to help your child develop necessary behaviors and skills.
- Be aware that the teacher may need to communicate a concern about your child's interactions in school. Remember, teachers are in a unique position to observe your child in a social setting outside of your influence. Consider the conference to be a problem-solving discussion. No one expects children to be perfect. Our goal is that all children continue to learn and grow---academically and socially.
- **After the conference, please let your child know how proud you are of his/her efforts.** Celebrate all s/he has learned! Children need to feel competent and appreciated. Let your child know that all learners set goals for improvement and that you are there to support him/her---and so is his/her teacher.

We appreciate your involvement in your child's education. It makes a big difference!

Warm regards,  
 Lynn Herschlein

**Dismissal** We continue to have a number of changes to dismissal plans and need to ask your support. To ensure that dismissal is orderly and safe for all children, your child's daily dismissal plan should be as consistent as possible. If a change is absolutely necessary, a note must be sent to the classroom teacher in your child's backpack in the morning. **We respectfully request that you avoid calling the Main Office to make a change to your child's dismissal plan once the school day has begun.** When such a change is made after the children have started their day, it causes confusion and disrupts instructional time. Therefore, please understand that **mid-day dismissal changes can only be accommodated in emergency situations.** We appreciate your cooperation as we work to ensure the safety and security of all children.

**School Improvement Team (SIT)** Please continue to help your child earn coins to contribute to our **Pennies For Puppies** drive. So far we have dog and puppy care, art interpretation, camping, Spanish, cartooning, cheerleading/dance, and exercise and fitness.

**FOCUS (Families of the Community United through Schools)** is a district-wide organization that involves families, schools and the community. Its purpose is to promote the skills and environment necessary for children to make healthy and responsible decisions. This is accomplished through parent education and discussion on issues that are important to the community. Through information, education, and collaboration we seek areas in the school community that can be improved upon. Our panels have included authors, professors, school administration, teachers, counselors and parents.

**FOCUS** meets once a month. Members of **FOCUS** will be able to meet with principal/administration at start of the year to create an agenda for the school year and help with transition meetings at the end of the year. If you are interested in getting involved with **FOCUS** please contact Nicole Prizzi @ [nrotunda@gmail.com](mailto:nrotunda@gmail.com) OR **516-238-6692** (cell).
