

Dear Parents,

Monday is Moving-Up Day, a very special day for our first graders and their families. Our GPFA Moving-Up Committee, chaired by Mrs. Newman and Mrs. Vivalo, is hard at work preparing for the day. Our families will enjoy a reception following each ceremony, hosted by our kindergarten parents. The children will have a celebratory pizza luncheon that afternoon, courtesy of the GPFA. We are so fortunate to have such a supportive and generous parent community.

Following the Moving-Up Ceremony, parents are invited to view the beautiful artwork of our first grade students. You will be very impressed with the quality and creativity on display!

On Tuesday, the children will enjoy a performance of *Aladdin and His Wonderful Lamp*, thanks to the Cultural Arts Committee, chaired by Mrs. Light. Wednesday will be Silly Day, when the children are invited to be creative and playful---perhaps wearing a silly shirt, hat, or hairstyle. (no face or hair paint, please) This was the idea of Riley Mullen, in Ms. Villa's class, and seconded by Summer Brizuela, in Mrs. Cooper's class.

Here are some important reminders about the last week of school:

**MONDAY, June 19<sup>th</sup> is a FULL DAY of school.** Because it is Moving-Up Day, there will be **no cafeteria service.** Please send your kindergarten student to school with a snack and bag/box lunch.

**TUESDAY, June 20<sup>th</sup> is a FULL DAY of school.** It is the **last day of cafeteria service.**

**WEDNESDAY, June 21<sup>st</sup> and THURSDAY, JUNE 22<sup>nd</sup> are HALF DAYS OF SCHOOL-Noon dismissal.** All students must bring a snack to school. There will be no lunch served in school.

- Dismissal will begin at 11:50 for pick-ups and will take place in the cafeteria.
- **Van students will ride their morning vans home, so stop changes are not permitted.**

**FRIDAY, JUNE 23<sup>rd</sup> is the LAST DAY of School! Dismissal is at 10:30 a.m.**

- Dismissal will begin at 10:20 for pick-ups and will take place in the cafeteria.
- **Van students will ride their morning vans home, so stop changes are not permitted.**

**Next week: Report cards** can be accessed on the Parent Portal (under the *For Parents* tab) of the Cold Spring Harbor School District website: [www.csh.k12.ny.us](http://www.csh.k12.ny.us) after 5:00 p.m. Friday, June 23<sup>rd</sup>.

You will receive next week's notes on Thursday.

Have a wonderful weekend! Happy Father's Day!

Mrs. Herschlein

HAPPY  
FATHER'S  
DAY!

## SUMMER READING

First graders received information about summer reading from their next schools. Today, all children met with the Cold Spring Harbor Librarian., Mrs. Kornstein, to learn about the public library's summer reading program.

**Kindergarten students** will have a special opportunity to share their summer reading with their peers electronically this summer. Using an app called **Flipgrid**, students will be able to view short videos of their peers giving reviews of books they've read and enjoyed! Then they can record themselves sharing their own book for others to view. In this way, we hope to encourage students to read more and share their love of books with each other this summer. Instructions will be sent home next week and the link will be posted on the Goosehill website. All you need is a device on which you can download the free app and record your child. (e.g. phone, iPad, laptop) If you do not have the proper equipment, simply email Mrs. Herschlein over the summer and she will arrange for you to do the recording at school. (First graders are invited to view the videos too!)

Science Enhancement Opportunities

## Summer Science Programs

### NASA - SPACE EXPLORERS (NASA)

Learn about the four forces of flight, the challenges of space travel, and participate in a rocket launch in this hands-on space exploration camp. (Children entering grades 3-6)

### FLIGHT ACADEMY (FA)

Explore the aerodynamics of birds, kites and rockets! Build flying machines as you explore Newton's laws of motion. (Children entering grades 1-4)

### SCIENCE IN MOTION (SIM)

Learn the science of engineering as we discover what machines and nature have in common. Build structures, discover how animals move, and use simple machines as you run a crazy obstacle course. (Children entering grades 1-4)

### DETECTIVE ACADEMY (DA)

Step into the shoes of a detective as you explore the tools detectives use to uncover crimes! Learn about spy equipment and discover the technological tools of detection. (Children entering grades 2-6)

### FORENSIC SCIENCE (FS)

Focus on the science of forensics in this hands-on look at crime scenes! Collect evidence, recreate a crime scene, and identify suspects as you learn the science of sleuthing. (Children entering grades 2-6)

### CRAZY CHEMWORKS (CCW)

Get your goggles ready to handle real lab equipment and experiment with chemical changes. Explore the microscopic world of molecules as we discover states of matter! (Children entering grades 2-6)

### BRIXOLOGY (BRIX)

Using LEGO® bricks children will build different engineering-themed projects every day. They will explore the mechanical, structural, aerospace, nautical, and bioengineering fields, and participate in collaborative engineering challenges to solve real world problems. Each day they will take home an educational toy to reinforce each concept. (Children entering grades 2-6)

### JUNIOR ROBOTICS (JR)

This introduction to robotics explores basic circuitry, mechanical science, and robot building. Each camper works daily on a robot to bring home at the end of the week! (Children entering grades K-3)

### ROBOT ENGINEERS (RE)

Discover the science of robots! Learn how different robots work and use their components to explore what is around them. Use your engineering skills to build a working robot to take home! (Children entering grades 3-6)

### ROBOTS & REACTIONS (R&R)

Work with robots and create chemical reactions as we uncover the nuts and bolts of the universe. Each camper builds a working robot to take home! (Children entering grades 2-5)

### ADVANCED ROBOTICS (AR)

Learn about how different robots operate. Put your robotic knowledge to the test! Use your skills to build your very own Robotic Arm to take home! (Children entering grades 3-6)
