

The Friday Notes

Celebrating 227 Years!
April 21, 2017

Principal's Corner

Welcome back! Our students returned to West Side for a very spirited week as West Side turned 227. Former principal, Ted Hilton, came to morning assembly Friday to speak to our students on Earth Day Birthday. This is the day when we recognize the origination of our school. During his tale, Mr. Hilton shared the story of George Washington's relationship with West Side which has become a yearly tradition. In addition, several students shared Earth Day poems during morning assembly. Thank you to Sophia Florez, Jack Henick, and Michael Gallagher for sharing your Earth Day poems with us. Earlier in the week, our fourth graders participated in a workshop called "Spies of the American Revolution." During this presentation, our students learned about the Culper Spy Ring and how they secretly communicated with one another in an effort to win the Revolutionary War. This week, our fifth graders participated in maturation workshops that focused on physical, social, and emotional maturation as well. Finally, thank you to Mr. Homer and members of the SWWAT (Students Waging War Against Tobacco) Team who spoke to our fifth and sixth graders about the harmful effects of smoking. We appreciate the high school students taking time out of their day to work with our oldest learners.

After School Activities

Our Spring After School Program begins next week. Please see the attached program for more information.

SIT Self-Nomination Forms

The District is in the process of putting together our School Improvement Team (SIT) for the 2017-2018 school year. The purpose of SIT is to improve the educational performance of all students in the schools through the collaborative participation of team members in the decision-making process. Each school's team consists of teachers, administrators and parents. One of our parent representatives from each school must be a parent of a special education student. Each team is required to meet at least once a month from September to June, and to the extent possible, the meetings will be scheduled at the end of the regular school day. One parent per household, per school enrolled is eligible for nomination. If you are currently sitting as a member of SIT, it is necessary to resubmit your name. The term of office is for one year, not to exceed a 3-year term. Please see the attached flyer if you are interested.

Sports/Game Thank You

We would like to thank all those who attended Sports/Game Night. Everyone had a fun time playing games, enjoying Newcomb in the gym, and having dinner together! We would also like to thank Mr. Simon & President of our PTG, Ana Shammah, for their help in making this event run smoothly. Thank you Mr. Walsh for keeping our families engaged in a fun, new exciting game in the gym! Last but not least, our volunteers: Kim Testa, Karolina Koteck, Andrea Mannino, Natalia Milhim, Shannon, Kelly & Erin Gallagher Michael and Tommy Degan & Robert Shammah. Thank you for all your help and once again making this another great event at West Side! – Claudia Marino & Christine Masata

Earth Day Birthday Celebration

Earth Day birthday is Friday but due to Friday's unfavorable weather forecast, Suzi Berg and some parent volunteers have scheduled a seeding activity for Wednesday, April 26th during the children's recess time. What a great way to celebrate Earth Day birthday and get the kids excited for Spring and our West Side Garden. If you would like to help out please contact Suzi Berg suzi@seattlebergs.com

****A note to all 6th grade parents, we are looking for a parent volunteer to create the 6th grade group act. It can be a dance, song, etc. (6th grade students may be in the group act as well as their own act.) It would be open to all 6th graders (boys and girls) please contact me ASAP if you would like to volunteer at kerrialbers@optonline.net. If we don't get a volunteer, there will be no 6th grade group act.**

Student Volunteers are not required to come to the 2 rehearsals at Westside, but are required to be there for the dress rehearsal at the PAC on 5/11.

Coding – The Basics of Computer Science

Grades 2-6

Minimum of 10 students

This class will be held from 7:45am – 8:45am

Code powers our digital world. Every website, smartphone app, computer program, calculator and even microwave relies on code in order to operate. This makes coders the architects and builders of the digital age! Over the next 10 years it is estimated that there will be 1.4 million jobs in computer sciences and only around 400,000 graduates. In this club students learn programming through game-like puzzles, tutorials, and projects. These activities foster skill sets such as logical thinking, problem solving, persistence, collaboration, and communication.

(Both introductory and advanced students are welcome!)
