

Lloyd Harbor Theater Arts  
Lloyd Harbor School

December 9, 2016

Dear Parents and Students,

It is time to start this year's Sixth Grade Musical! The 2016 production will be ***Into the Woods Junior***, a musical about what would happen if the characters of our beloved fairytales were all joined together by a fantastic collision of their wishes. The show is full of songs, laughs, magic and fantastic beasts that are sure to thrill the audience and be loved by the performers. It is sure to be a spectacular experience for all!

The sixth graders are getting ready to present their second and final show here at Lloyd Harbor before they pass the torch to the fifth graders! It is their time to step on the stage and show how much they have grown as performers. This will be the 46th show presented here at Lloyd Harbor, and we are confident that this will be the best year yet!

The first meeting will be on Wednesday, December 14th, 2016 from 3:15-4:30. We strongly encourage students to attend, as this is the only meeting before we go into auditions. At the meeting, we will discuss all of the aspects of being part of a production. In addition, we will be preparing the kids for auditions, which will take place that Tuesday and Thursday of the following week (December 20 and 22).

We will begin weekly rehearsals the first week of January that take place on Tuesdays, Thursdays and Fridays. Rehearsal Schedules will be posted in the Friday Notes and on the School Website under "LH Theater Arts".

Please fill out the permission slip below with your child's name and class, and have them bring it to the first meeting. Also, please make sure your child has a transportation slip. Students must have both the permission slip and the transportation slip to be able to attend the meeting.

We are looking forward to working with each and every one of you, and with teamwork, dedication and a little stage magic, we will continue the fabulous legacy of Lloyd Harbor Theater Arts.

We'll see you on Wednesday and remember, a wish can be a very powerful thing!

Sincerely,

Rebecca Engesser, Co-Director  
Christopher McKee, Co-Director
