US LACROSSE POSITION STATEMENT: *As a member of US Lacrosse Men's Game Committee I felt compelled to share this position statement with all of you:*

US Lacrosse DRAFT Position Statement on Collegiate Recruiting -Drafted 10.14.12

US Lacrosse's Position on the State of Collegiate Recruiting in Lacrosse

US Lacrosse shares the concerns of many parents and coaches in the sport of lacrosse, about the seemingly out-of-control state of collegiate recruiting in the sport today. Despite the fact that lacrosse is the fastest growing youth sport in America, more and more student athletes are choosing not to continue to play scholastically in high school because of an ever increasing push by recruiting clubs and businesses that direct players to specialize in lacrosse from earlier ages contributing to higher rates of injury and burnout.

Many student athletes and their parents are participating in the sport with unrealistic expectations about the collegiate playing opportunities they believe they will receive, in return for making financial and academic sacrifices. Instead of playing lacrosse scholastically and recreationally, kids are being advised to play year round lacrosse and in some cases, even encouraged to miss school to attend recruiting events. In some areas of the country, kids are forgoing playing scholastic lacrosse altogether, in favor of a pay-for-play club whose sole focus claims to be helping players get a spot on an NCAA collegiate lacrosse roster.

The prevalence of recruiting events, camps and tournaments that occur during times when lacrosse is not in season, and when kids are still in school and include kids as young as 14 years of age help to reinforce a sport culture that is damaging to the well-being of the student-athlete. This intense recruiting culture is damaging to the sport itself; destroys any work-life balance for coaches; the retention of coaches, particularly females; and burns out students by the time they even get to college.

US Lacrosse will look for ways to work with the membership of the Intercollegiate Men's Lacrosse Coaches Association (IMLCA) and the Intercollegiate Women's Lacrosse Coaches Association (IWLCA) to help ensure the student athletes and their parents in our sport are making good decisions with respect to participation and are demonstrating through their actions, the development of healthy, well-educated and well-rounded athletes.

US Lacrosse also encourages NCAA coaches, who are the primary influencers in the sport, to limit the age at which they begin recruiting student athletes, and choose not to attend or participate in recruiting events that take place during a period of time that compromises the student athlete's ability to focus on their academics.

US Lacrosse is the national governing body of lacrosse. Through responsive and effective leadership, we provide programs and services to inspire participation while protecting the integrity of the sport. www.uslacrosse.org

SPORTSMANSHIP BANNERS: IN THE FIELD HOUSE AND IN THE NEW GYM WE HAVE NEW SPORTSMANSHIP POSTERS UP ON THE WALL. I WOULD APPRECIATE IT IF ALL SPECTATORS WOULD READ THE POSTER AND I RESPECTFULLY HOPE THAT WE WOULD EXHIBIT GOOD SPORTSMANSHIP. AS I ALWAYS SAY: LET THE PLAYERS PLAY; LET THE COACHES COACH AND LET THE OFFICIALS OFFICIATE.

SEE ATTACHED DOCUMENT:

ALONG WITH THAT: PLEASE DO NOT COACH YOUR CHILD FROM THE BLEACHERS. LET THEM PLAY AND PAY ATTENTION TO THEIR COACH. IT IS VERY DISCONCERTING TO THE COACH AND HIS TEAM IF YOU DO THAT. IF YOU WANT TO COACH YOUR SON or DAUGHTER PLEASE DO IT ON YOUR OWN TIME AND IN A DIFFERENT VENUE. Thank you

And Now For Your Enjoyment....
