

# Stock Market Game

This is how you will be graded on the work that you do for the Stock Market Game. The following are assignments that are to be completed by the group and individually.

About every 4-5 weeks the group is to turn in a report of the transactions that your group has completed.

- a. buys
  - b. sells
  - c. short sell
- 
1. The reports will show the **Closing Price** of the stocks and the values of the stock one day per reporting week. The group will also plot the value of the portfolio for every week (**including Cash**). Each report must contain all previous report data and a continuous charting of that data.
  2. Each report will contain the reason(s) in you transaction log of why you bought, sold, or short sold the stock(s) in your portfolio during the report period.
  3. Each group will construct an index. The index must contain at least 10 stocks. You will use the same 10 stocks throughout the entire project for your index. Each report will contain a charting of the index and its matrix. The charting will be of 5 days per week. The group will also plot the value of the index. Each report must contain previous reports data and a continuous charting of data..
  4. The report will include a matrix and a plotting of the closing numbers of the **Dow and NASDAQ** composite for the report period. The **graphs** will include the closing values for these indices for each of the days the markets are open. The last day for the graph will be 3 Market days prior to the day a report is due. The data must contain all point for five days a week excluding days the market is closed, those days will have the same data point as the day before. Each report must contain previous reports data and a continuous charting of data.
  5. Each report must be printed, have all members names, all graphs must print "fit to page", on its own page and be on time. Each Team must invest in a minimum of 4 stocks by 11/2/2009. At least eight transactions must be made every report period. A trend line must be created for every graph. Have Fun!

## Periods 1,4,and 9

Stock market website: [www.virtualstockexchange.com](http://www.virtualstockexchange.com)
