LEADERSHIP CLASS

The goal of the leadership class is to introduce students to different leadership styles and experiences as well as become familiar with the individuals in our school and community who hold leadership positions. Students will participate in various individual and group activities that service and support our school and community.

A key component of each class will be participation. Participation will be evaluated in a variety of assessment tools. The classroom may be unstructured or unorthodox sometimes in order to carry out assigned committee work. That is why students must exhibit self-control at all times. Students must be able to work as a team and individually regardless of distractions around the room. Enthusiasm and commitment for each task is important for the success of each student and the class.

SUPPLIES

- School Agenda or Personal Agenda (Calendar)
- Positive attitude!

GRADING

- **Attendance**- (20%) In order to participate, students must be present and on time for class. Consistent lateness to class with or without a pass will result in a deduction of 2 points per late after 3 lates to class. Cutting class will result in a deduction of a half a grade, no exceptions.
- **Projects**- (40%) A student's ability to work with a team and to lead will be evaluated. Projects will be focus on school and community service. An interview and research assignment will be required for a value of 100 points per marking period.
- **Cooperation/Behavior/Participation** (40%) Your ability to work with others is key to a successful class. Interrupting, calling-out or any other behavior that shows lack of self-discipline or respect for others will jeopardize one's grade. Likewise if a student does not show effort or interest in the different activities a deduction will be made. Please follow class rubric for participation.
