

Junior High Extra Help Schedule 2009-2010

At Cold Spring Harbor, we believe that academic excellence can be achieved by all students.

The Junior High Extra Help Schedule below serves as a tool for students who are in need of extra help or who may have questions pertaining to homework, class discussions, projects, tests, quizzes, etc. The extra help schedule supports students academically, while allowing them to balance after school sports, clubs, and/or extra curricular activities. The schedule provides students with the best available times, days, and locations of teachers so students can plan accordingly.

We strongly encourage all students to inform their teachers that day or in advance that they will attend an extra help session or that they would like to schedule an appointment. This will ensure that both the students and teachers are available. This advance notice also gives the teacher time to prepare selected material for the extra help session.

At Cold Spring Harbor, many of our teachers serve as coaches, club advisors, class officers, and members of professional school based committees; yet, we continue to pride ourselves on our teachers' professionalism and flexibility.

Please feel free to contact individual teachers as their availability may extend beyond the times listed. This schedule is subject to change.
