SCHOOL DISTRICT OFFICER AND EMPLOYEE CODE OF ETHICS

The Board of Education is committed to avoiding any situation in which the existence of conflicting interests of any officer or employee may call into question the integrity of the management or operation of the school district. The Board recognizes that sound, ethical standards of conduct serve to increase the effectiveness of district officers and staff as educators and public employees in the community. Adherence to a code of ethics promotes public confidence in the schools and furthers the attainment of district goals.

The Board also recognizes its obligation to adopt a code of ethics setting forth the standards of conduct required of all district officers and employees under the provisions of the General Municipal Law. Therefore, every officer and employee of the district, whether paid or unpaid, shall adhere to the following code of conduct:

1. Gifts: The Board of Education encourages the writing of letters or notes to staff members expressing gratitude or appreciation. School Principals are urged to communicate the desirability of letter writing in lieu of gifts. Gifts from children that are sentimental in nature and of insignificant financial value may be accepted.

General municipal law specifies that no district officer or employee shall directly or indirectly receive any gift having a value of seventy-five (\$75) or more, whether in the form of money, services, land, travel, entertainment, hospitality, etc. under circumstances in which it could reasonably be inferred that the gift was intended to influence the performance of his/her duties.

Collective gifts to employees having a value greater than \$75.00 are acceptable provided that they are not excessive and the gift is attributable to all students in the group (e.g. class, team, or club.)

2. Confidential information: An officer or employee shall not disclose confidential information acquired by him or her in the course of his or her official duties or use such information to further his or her personal interest.
3. Representation before the Board or District: An officer or employee shall not receive or enter into any agreement, expressed or implied, for compensation for services to be rendered in relation to any matter before the school district.
4. Disclosure of interest in matters before the Board: A member of the Board of Education and any officer or employee of the district, whether paid or unpaid, must publicly disclose the nature and extent of any interest they or their spouse have, will have or later acquire in any actual or proposed contract, purchase agreement, lease agreement or other agreement involving the school district (including oral agreements), to the governing body and his/her immediate supervisor (where applicable) even if it is not a prohibited interest under applicable law. Such disclosure must be in writing and made part of the official record of

the school district. Disclosure is not required in the case of an interest that is exempted under Section 803(2) of the General Municipal Law. The term “interest” means a pecuniary or material benefit accruing to an officer or employee. Exceptions to the conflict of interest law can be found in Section 802 of the General Municipal Law.

5. Investments in conflict with official duties: An officer or employee shall not invest or hold any investment directly in any financial, business, commercial or other private transaction that creates a conflict with his or her official duties. Exceptions to the conflict of interest law can be found in Section 802 of the General Municipal Law.
6. Private employment: An officer or employee shall not engage in, solicit, negotiate for or promise to accept private employment when that employment or service creates a conflict with or impairs the proper discharge of his or her official duties.
7. Future employment: An officer or employee shall not, after the termination of service or employment with the district, appear before the Board in relation to any action, proceeding, or application in which he or she personally participated during the period of his or her service or employment or that was under his or her active consideration.

Distribution of Code of Ethics

The Superintendent of Schools shall cause a copy of this Code of Ethics to be distributed to every member of the Board, every officer and employee of the school district. Each officer and employee elected or appointed thereafter shall be furnished a copy before entering upon the duties of his or her office or employment. In addition, the Superintendent shall ensure that a copy of Article 18 of the General Municipal Law shall be kept posted in each public building under the district's jurisdiction in a place conspicuous to the district's officers and employees.

Penalties

In addition to any penalty contained in any other provision of law, any person who shall knowingly and intentionally violate any of the provisions of the Board's code of ethics and its accompanying regulation may be fined, suspended or removed from office or employment, as the case may be, in the manner provided by law.
