

ATTENDANCE

The Board of Education recognizes that regular school attendance is a major component of academic success. Through implementation of this policy, the Board expects to reduce the current level of unexcused absences, tardiness, and early departures (referred to in this policy as “ATEDs”), encourage full attendance by all students, maintain an adequate attendance recordkeeping system, identify patterns of student ATEDs and develop effective intervention strategies to improve school attendance.

Notice

To be successful in this endeavor, it is imperative that all members of the school community are aware of this policy, its purpose, procedures and the consequences of non-compliance. To ensure that students, parents, teachers and administrators are notified of and understand this policy, the following procedures shall be implemented.

- The attendance policy will be included in student handbooks and will be reviewed with students at the start of the school year.
- Parents will receive a plain language summary of this policy by mail at the start of the school year. **Parents will be asked to sign and return a statement indicating that they have read and understood the policy.**
- When a student is absent, tardy, or leaves early from class or school without excuse, designated staff member(s) will notify the student’s parent(s) by phone of the specific ATED, remind them of the attendance policy, and review ATED intervention procedures with them. In cases of repeated ATED’s parents will be notified in writing.
- A back-to-school event will be held at the beginning of each school year to explain this policy and stress the parent’s responsibility for their ensuring their children’s attendance.
- School newsletters and publications will include periodic reminders of the components of this policy.
- The district will provide a copy of the attendance policy and any amendments thereto to faculty and staff. New staff will receive a copy upon their employment.
- All faculty and staff will meet at the beginning of each school year to review the attendance policy to clarify individual roles in its implementation.
- Copies of this policy will also be made available to any community member, upon request.
- The district will share this policy with local Child Protective Services (CPS) **when requested** to ensure a common understanding of excused and unexcused ATED’s and to work toward identifying and addressing cases of educational neglect.

Excused and Unexcused Absences

Excused ATEDs are defined as absences, tardiness, and early departures from class or school due to personal illness, illness or death in the family, impassable roads or weather, religious observance, quarantine, required court appearances, attendance at health clinics, approved college visits, approved cooperative work programs, military obligations, or such other reasons as may be approved by the appropriate building administrator. **(including, but not limited to, absences due to circumstances related to homelessness).**

All other ATEDs are considered unexcused absences.

All ATEDs must be accounted for. It is the parent's responsibility to notify the school office within 24 hours of the ATED and to provide a written excuse upon the student's return to school. **For homeless students, the homeless liaison will assist the student in providing or obtaining documentation if needed.**

General Procedures/Data Collection

- Attendance will be taken during each class period.
- At the conclusion of each class period or school day, all attendance information shall be compiled and provided to the designated staff member(s) responsible for attendance.
- The nature of an ATED shall be coded on a student's record. The coding system used to identify the reason for a student's ATED can be found on the district's electronic student management system
- Student ATED data shall be available to and should be reviewed by the building principal in an expeditious manner for the purpose of initiating appropriate action to address attendance concerns.
- Where additional information is received that requires corrections to be made to a student's attendance records, such correction will be made immediately.
Notice of such a change will be sent to appropriate school personnel subject to applicable confidentiality rules.
- Attendance data will be analyzed periodically to identify patterns or trends in student absences. **If patterns emerge, district resources will be targeted to understand and eliminate barriers to attendance.**
- Where consistent with other school practices, teachers and staff shall detain students in the hallways who are absent from a class period without excuse and refer the students to the Building Principal.
- Continuous monitoring will be conducted to identify students who are absent, tardy, or leave class or school early. **A student will be considered chronically absent if they miss ten percent or more of the school year. Satisfactory attendance is missing five percent or less of school over the course of the year.**

Attendance Incentives

~~_____The district may design and implement systems to acknowledge a student's efforts to maintain or improve school attendance. Incentives will consist of a form of recognition by the teacher (i.e., praise, certificates).~~

5100

Disciplinary Consequences

A designated staff member(s) will contact the student's parents and the student's guidance counselor/social worker in the event that a student's record reveals excessive ATED's, excused and/or unexcused. **Excessive ATED's is defined as: (insert number of consecutive absences, and/or total absences, or tardies).** Such staff member(s) shall remind parents of the attendance policy, explain the ramifications of excessive ATEDs, stress the importance of class attendance and discuss appropriate intervention strategies to correct the situation.

Unexcused ATEDs will result in disciplinary action consistent with the district's code of conduct. Those penalties may include, for example, denial of the privilege of participating in or attending extracurricular events. **However, absences related to homelessness shall not result in negative consequences where the district determines that it would be in the best interests of the student in retaining the student in school.**

In addition, the designated staff member will contact local Child Protective Services (CPS) if they suspect that the child is being educationally neglected. The designated staff member will provide CPS with the information necessary to initiate a report. If other staff members suspect education neglect, they must follow the procedures outlined in Board policy and regulation 5460, Child Abuse in a Domestic Setting, and advise the ~~Director of Special Education & Pupil Services.~~ **District Homeless Liaison.**

Attendance/Grade Policy

The Board of Education recognizes an important relationship between class attendance and student performance. Consequently, each marking period a student's final grade may be based on classroom participation as well as student's performance on homework, tests, papers, projects, etc.

Students are expected to attend all scheduled classes. Consistent with the importance of classroom participation, unexcused ATEDs will affect a student's class participation grade for the marking period.

In implementing the policy set forth above, students who are unable to attend school or a class on a given day due to their participation in a school-sponsored activity (i.e., music lessons, field trips), should arrange with their teachers to make up any work missed. This also applies to any student who is absent, tardy or leaves early from school or a class due to illness or any other excused reason.

All students with an ATED are expected upon their return to consult with their teachers regarding missed work.

Only those students with excused ATEDs will be given the opportunity to make up a test or other missed work and/or turn in a late assignment for inclusion in their final grade. Make up opportunities must be completed by a date specified by the student's teacher for the class in question.

Annual Review

The Board shall annually review building-level student attendance records and, if such records show a decline in student attendance, the Board shall revise this comprehensive attendance policy and make any revisions to the plan it deems necessary to improve student attendance.
