Healing Classrooms Challenge

Craft Making: PINWHEELS

Sunday, March 6 from 2:30 - 4:30 PM

Children of all ages and Adults

Make a Pinwheel for Peace

stop by or stay the entire time

Carl Wilkens said: "When you make something with your hands, it changes the way you feel, which changes the way you think, which changes the way you act." This is the essence of StudentsRebuild.

StudentsRebuild is a collaborative program of the Bezos Family Foundation which works to inspire young people worldwide to connect, learn and take collective action on critical global issues. Since 2010, StudentsRebuild has offered "Challenges" which invite young people to create a simple, symbolic object which the foundation matches with funding to worthy causes.

Save The Children Long Island Junior Council is a local community based group of students who volunteer to support the mission of Save The Children. Save the Children gives children in the United States and around the world what every child deserves – a healthy start, the opportunity to learn and protection from harm.

YOU CAN BE A CHALLENGE PARTICIPANT !

For each pinwheel we make- the Bezos Family Foundation will donate \$2- up to \$400,000 to provide support to displaced Syrian youth. Through the International Rescue Committee's Healing Classrooms program teachers will be trained in special techniques to engage conflict-affected children with social emotional learning opportunities and to create secure, nurturing learning environments.

A HEALING CLASSROOM

Matching Grant Supports Save The Children Long Island Council!

A matching donation of \$2- up to \$1,000- for each Pinwheel made at the library will be donated to Save The Children Long Island Council by Lori and Chris Homer through the A.L.L. Caring Foundation.

We're hopeful that as Challenge participants work on their pinwheels, they will think about the displaced youth they're helping and about the issues of conflict and peace.
