## EARLY DISMISSAL (SHELTERING) DRILL

Friday, October 9, we will be conducting our annual test of the Sheltering and Early Dismissal Drills resulting in an **11:30 AM dismissal**. Therefore, **students cannot be released for early pick-up after 11:30 AM**.

Additional information is provided in the attached memo. Please plan accordingly. Math Club and Harbortones are cancelled for that day.

## MAIN OFFICE COMMUNICATION

Just a reminder, email is not an effective way of contacting us when situations arise that need immediate attention. A phone call to the main office will allow for a prompt response which, as you know, is very important to us. We also need to remind you that changes in dismissal must be decided on the night before and sent directly to the classroom teacher through a note with your child (not an e-mail). If an emergency arises and you have to make a change in your plans during the day, please call the main office. At that point, we will ask you to follow-up in writing. This, however, should be the exception, not the rule. Additionally, when scheduling "play dates", please know that students may not bring more than two friends home on a bus (due to space and safety).

## UNDERSTANDING YOUR CHILD'S NEW YORK STATE ASSESSMENT RESULTS

Please join Ferne Chase, AIS Coordinator and Denise Campbell, Director of Special Education and Pupil Services, on Wednesday **October 7, 10:00am** at District Office. The agenda will include an explanation of the NYS parent score report and how these scores are utilized, along with other information, to make informed decisions on how best to support your child. Questions and answers will follow.

## BOX TOPS

The Box Tops progress board is located outside the LHTV newsroom. We currently have 2,000 box tops for the November 1<sup>st</sup> deadline. Please be sure to continue depositing Box Tops outside of the LHTV newsroom. Every single box top helps!

## TOWNWIDE Operation E.D.I.T.H. Drill

1. Feel the door to check if it's HOT!  
If it's Not Hot open the door slowly,  
bracing it with your knees and  
shoulder. But be prepared to slam it  
shut quickly if there's smoke and fire  
on the other side.

2. If the door is blocked by smoke  
or fire, leave through a window  
or secondary emergency route.

3. Once out of the house go  
directly to your meeting place,  
such as a tree or mailbox on  
your front lawn.

## Knowing How To React In A Fire Could Save Your Life, Or The Lives of your Children

Coordinated through the efforts of  
the Town of Huntington Office of the  
Fire Marshal and in conjunction with  
your local Volunteer Fire Departments.

OFFICE OF THE FIRE MARSHAL

**"E.D.I.T.H." Stands For... "Exit Drill In The Home"**

## SMOKE DETECTORS

Most fatal residential fires occur while the occupants are asleep. Installing smoke detectors outside bedroom areas will provide the extra minutes of warning needed to escape. The most recent figures available from the National Fire Incident Reporting System indicates that the installation of a Smoke Detector will double your chance of survival during a fire.

## DEVELOPING THE PLAN

Members of the family should work together to draw a plan of each floor of your house where bedrooms are located.

Your plan should include:

- The location of Smoke Detectors.
- Two escape routes; one for normal and one for Emergency use.
- All doors, windows, stairways, fire escapes and adjacent buildings.
- A central meeting place outside your home.

If a window is designated as an Emergency Route, make sure the person who uses it is able to reach and unlock the window, remove the screen and / or the storm window, reach the ground safely.

Designate someone to call the fire department from a neighbor's house. Post a copy of your finished plan in a conspicuous place as a constant reminder.

## PRACTICE YOUR PLAN ON A MONTHLY BASIS AND REMEMBER THESE IMPORTANT HINTS:

- Sleeping with bedroom doors closed can add valuable minutes of protection against flame, smoke and toxic gases.
- If you have a telephone in your room, have the Fire Department's number on it or nearby.
- Keeping a whistle, horn, or other such audible signal near your bed may prove valuable in waking other members of your family who may not hear the smoke detector. If family members use a different signal you will know who is awake without opening doors.

**MAKE  
OPERATION E.D.I.T.H.  
A MEMBER OF YOUR FAMILY!**

## PUTTING THE PLAN INTO ACTION

If the smoke detector sounds or you smell smoke, wake your family with your signal. If you hear another signal answer with yours. Keep Calm. Roll out of bed and crawl to the door. Feel the door from bottom to top. If it is hot near the top do not open it. Proceed to your designated emergency exit.

If the top of the door is not hot, brace your foot and shoulder against it and open it carefully. If there is only light smoke, crawl to the normal exit. If the smoke is dense or the door is hot use the Emergency Exit. Report to the designated meeting place.

Notify the Fire Department from a neighbor's house. **DO NOT ALLOW ANYONE TO RE-ENTER THE BUILDING FOR ANY REASON.**
