

In chapter 18 we will study the impact industrialization had on America. Many people contributed to the expansion of America's industrial might listed below are some. You are to create a mini-poster based on one of the individuals listed in the Industrial Hall of Fame nominees. The poster is to be a visual representation of the achievements of your inventor or contributor to American industrialization.

The mini-poster must include the following information:

- Who is your nominee for the Hall of Fame?
- What did they invent or introduce that helped Industrialization in America?
- Where did this happen?
- When did this happen?
- Why was the invention or idea significant? (What did it do for America)
- Is some version of this product still around today and an example.

Mini-posters must be eye-catching. (Illustrated, print of name and information must stand out, must be colored/shaded)

Can be any shape but no bigger than one half regular sheet of oak tag

Place your name on the back of the mini-poster.
