

HOMEWORK PHILOSOPHY

I believe homework is important because it is a valuable tool in helping students make the most of their experiences in school. I give homework because it is useful in reinforcing concepts that we have learned in class, it prepares students for upcoming lessons and more complex concepts, it teaches responsibility, and it helps students develop positive study habits.

Homework is assigned Monday through Thursday. If you would like to know your child's homework on a particular night, please look in his/her assignment notebook. Your child will be copying his/her homework into the notebook each day.

I require students to do their best job on their homework. I expect homework to be neat. I also expect students to complete their homework on their own. If you find that your child is having difficulty with a particular assignment, please let me know and I will work with him/her the next day.
