

Types of Clauses

Remember.....

Every clause has *at least* a subject and a verb.

Independent Clause:

→ ...it is a COMPLETE SENTENCE on its own(it makes sense!)

→ ...it MUST have a SUBJECT and a VERB.

Example: **Stanley went to the store.**

This clause makes sense and is a sentence on its own!

Dependent Clauses:

→ ...it is an INCOMPLETE SENTENCE on its own (it does not make sense!)

→ ...has a SUBJECT and a VERB.

Example: **When Stanley goes to the store**

Dependent Clauses **NEED MORE** in order to make sense

Alone, this clause does not make sense! It needs MORE!
